PROFESSIONAL EXPERIENCE

Hold This Thought
Founder & iOS Developer August 2026 – Present

- Building a native iOS reminder app in Swift that turns spoken or typed thoughts into time, location, calendar, and event aware reminders; now in beta with testers on TestFlight
- Wrote a natural-language reader that understands phrases like "every weekday at 9" or "next time I'm at Costco," verified by 295 automated test cases
- Shipped Home Screen widgets, Action Button and Control Center capture, location reminders, and shared lists for friends and groups through iCloud, with no backend server

California Polytechnic State University
Instructional Student Assistant - Statistics Jan 2026 – Present

- Tutor 80+ students by explaining statistical concepts and guiding problem-solving
- Grade 6 weekly assignments, labs, and quizzes, and host weekly office hours

Shockproof Training
Product Innovation Intern Jun 2025 – Sep 2025

- Collaborated directly with CEO to modernize and relaunch digital compliance training module
- Redesigned 2 product training modules with brand new features and user interface
- Developed and presented a product pitch to the company board on AI integration

NBA.Downtown (Social Media Brand)
Operations Manager Jun 2021 – Sep 2024

- Grew Instagram following from 35K to 160K by optimizing a niche content strategy
- Secured sponsorships with companies including DraftKings and UFC through targeted outreach
- Created an engaging environment with graphics and statistics featured in 10 + posts per week

Mason's Pool Cleaning
Founder and Service Technician Jun 2022 – Sep 2025

- Ran all business operations, including scheduling, client relationships, invoicing, and receivables tracking
- Repaired and maintained complex swimming pool and water feature systems

PROJECTS - live on the web, built with AI coding tools

- **Homeroom** *(React, Vercel)*: Student dashboard with Canvas, calendar, Spotify, mail, and AI widgets; built in four days for Cal Poly Vibe Coding's Build Day #1
- **WhenWorks** *(Next.js, Gemini AI, Postgres)*: Group scheduler where AI reads screenshots of everyone's schedule and finds when all are free
- **Personal portfolio** *(three.js, GSAP)*: Interactive 3D website; 390+ commits across 8 GitHub repositories since September 2026
